1) Question Received by the County:

I have a question about the hydraulic valves on this bid. I have tried to identify these numbers as Sauer Danfoss, and have been unsuccessful. Are these hydraulic couplers? Perhaps from Parker? Can you supply me with actual part numbers so I can identify them?

Response by the County:

The numbers listed in the bid are a sample of Weatherhead hoses, fittings, and couplers that the County may purchase. The valves that the County intend to purchase with this bid are from Sauer Danfoss PVEO and PVEM series. The part numbers for the valves were not included in the RFB. Below is a list of valves the County currently possesses for informational purposes.
